*The Demonstration of Progress is a checkpoint at the start of Semester 2. Students have five minutes to present to their second marker the rationale for their project, the key background work, the work they have done, and concluding reflections. Feedback and marking are in three phases. **Please follow these instructions scrupulously.***

Phase 1. By 28th Feb 2025, the marker downloads from Moodle ([click here](#)) the student's video, assigns preliminary marks according to four criteria and writes feedback, questions and suggestions in the boxes provided. Finally, the marker emails the form to the student, with or without a request to have a face-to-face meeting.

Rationale of the project

Questions, comments, and suggestions for improving the project

Exposition of the state of the art

Questions, comments, and suggestions for improving the project

Methods and results achieved so far

Questions, comments, and suggestions for improving the project

Plans for the conclusion of the project

Questions, comments, and suggestions for improving the project

Further comments and questions that might help the student improve their project and achieve a higher grade

The marker would like to have a face-to-face meeting (suggested duration: 15 minutes)

The marker sends this form to the student ([click here](#)). Do not complete the second page yet. Deadline: 28th Feb 2025.

The student sends this form to the marker ([click here](#)) and optionally arranges a meeting. Deadline: 5th March 2025.

Phase 3. By 10th March 2025, the marker writes final comments in the box below and assigns a mark to the Demonstration of Progress starting from the preliminary marks but fully taking into account the subsequent exchange. Then the marker sends the form to the coordinator.

Final comments

Use the grades given in Phase 1 and the student's responses in Phase 2 to justify the final mark.

Mark (out of 100)

Please return this completed form to the coordinator via email ([click here](#)) by 10th March 2025. The coordinator will moderate the grade, possibly in collaboration with the supervisor, and communicate the feedback to the student.
